CELEBRATING ART

Last week, Upper School scholars in Painting 1 celebrated art history with a fun twist: Artist Birthday Parties! Each scholar chose an artist from a key art movement and researched their life, work, and influence. They designed unique birthday gift bags filled with personalized gifts that reflected the artist's style and personality.

To bring their research full circle, scholars created guest lists that included historical and contemporary figures connected to their artists. These projects helped scholars discover how artistic ideas transcend time and brought art history to life in a memorable way!
